**Chryssa Tsouraki,**  
**C-CEO**  
**IN-VR**

Dear Chryssa,

**SUBJECT: LETTER OF ENDORSEMENT**

The Ministry of Petroleum is very pleased to fully support and endorse the upcoming "South Sudan Oil and Gas Summit" to take place in May 2022 in Juba.

We will be working in close partnership with IN-VR to develop a fruitful high-level event for the national and international oil and gas communities, and we're happy to confirm that this will be the official event for investors in 2022 to learn more on how to participate in the future of the South Sudanese O&G industry.

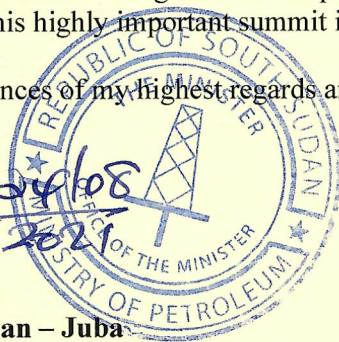

This initiative is crucial to further develop our O&G industry and to ensure both our energy security and exports, which are fundamental steps to guarantee South Sudanese economic development for the years to come. Due to the level of importance of such an international gathering and discussions, we will be working with the Ministry to offer business opportunities for all companies and executives present at the conference.

We invite all international, regional and local players to support this initiative and to benefit from this exposure in order to attract new business opportunities and invite our future partners as well to actively participate at this South Sudan summit.

We are looking forward to welcoming Oil & Gas operators and service companies, investors and other industry executives to this highly important summit in Juba.

Please accept the assurances of my highest regards and considerations.

  
**Hon. Puot Kang Chol**  
**Minister,**  
**Ministry of Petroleum**  
**Republic of South Sudan – Juba**
